

SIK PLASTIK LONG SOLWOTA EXHIBITION

Fondation Suzanne Bastien invites artists and the community to submit artworks for an upcoming exhibition.

Theme: Sik Plastik long Solwota

Interested participants are invited to create works addressing the critical impact of human waste (particularly plastics) contributing to the pollution of our oceans and waterways.

“Sik Plastic Long Solwota” is an exhibition aiming to:

- Create a discussion and promote ideas on reducing waste in the community
- Change how the community looks at waste
- Inspire creativity through reuse and recycling
- Expose the fact that materials that are used once then discarded as ‘waste’ are a major cause of ocean pollution and damage to marine life (fish etc)

When:

Thursday, October 7th until Saturday, November 26th

All works must be received at the Gallery by Tuesday 4th of October

Works should be presented by the artist in a format suitable for hanging - we do not provide framing
